June 15, 2023 – Project Chodosh Bulletin Update

“Dear Project Chodosh Subscriber,

Preparatory work for the publication of the Guide is in full swing. Mrs. Rosskamm is putting in full days of work, monitoring and gathering the necessary information. Preliminary information has been already sent out and the publication of the full guide is projected for early September.

Since the time that our father z"l began working on the Guide over forty years ago, yoshon observance has exploded in the frum world. All of you know full well how much you rely on the scope and integrity of the information that the yearly Guide provides. However, despite the fact that our budget is larger than in previous years, our funding has not increased. Unless we can secure additional funding within the near future, the Guide will have to cease to exist!

We are appealing to anyone who has fundraising experience and understands the need for The Guide, to help us find a way to cover our budget, and continue our father's avodas hakodesh.

Sincerely, Moshe Herman Herman.chodosh@gmail.com

Please do not reply directly to this email. It will not be seen. All replies should be sent directly to Rabbi Herman.”
