A new video "New Year, Old Stock: 5785 and Beyond", was released a few days ago with Rabbi Tendler of the Star-K. He explains about the many recent changes in the food industry concerning *yoshon*, how dates are derived, and the gathering of information. It is an excellent source of knowledge to understand exactly how things work in the world of *mashgichim*. A must see, it is available for viewing on our *Yoshon Videos Page*:

From their email list:

“Dear Yoshon Consumers,

We are pleased to inform you that the MK is actively working with Pita Royal to extend their Yoshon production for as long as possible. As of now, we expect Pita Royal to remain Yoshon until the end of October.

Additionally, HomeMade and Canko bread products will continue to be Yoshon until the end of October. After that, all products, except for their bread products, will remain Yoshon.

We will keep you updated on any changes, and we appreciate your continued trust.
