February 24, 2025 – New Dates for Products

Good News abounds, as the extremely popular Pas Yisroel Baked in Brooklyn Pizza Crusts get a later date. We had a general wheat date, but it was discovered that there was no production from the end of summer until October. The currently listed October 28, 2024 date (Lot Code 302 24) is the last *yoshon* date.

More breaking news for Ezekiel Bread lovers, it turns out sprouted grains have been greatly misunderstood over the past several years. "Sprouted grain" items will no longer have a *l'chumra* date. They will now go by the general grain cutoff date of September 15, 2024. Read more about it in the Rosh Chodesh Newsletter this Friday.

February 24, 2025 – The Farmer Direct Flour Scare

It was reported to us yesterday that previously *yoshon* Farmer Direct Flours were made in other mills that used spring wheat. B"H, this was a false alarm. All the flours we had listed on our site and in the Manual (Whole Wheat in White or Red, All-Purpose, and Heirloom Blend) were produced at the main Farmer's Direct facility, which is indeed *yoshon*, made from winter wheat. The flour that was made in a different plant using spring wheat (Prairie Strong High Gluten Flour) was not on our site. We are now including that on our site with a cutoff date of August 4, 2024.
