

GENERAL YOSHON NEWS

Chodesh Tov!

There is not much *Yoshon* news for this, the last newsletter of the *Chodosh* season. It has proved to be an extremely challenging year with the sudden loss of our IT head/app creator Shmaryahu Eshkol z"l, causing all the TYNI staff to pull together and do extra work, as other unofficial duties had to be tended to.

Many thanks to all the wonderful Admins of the *Yoshon.com* WhatsApp Groups who have done such an exceptional job of answering each and every question with precision and care, as well as to overseeing the updating of the entire TYNI Product Manual.

We look forward to serving the *Yoshon*-keeping public again next season. BE"H, that we will resume our regular full service, with newly updated versions of the *Yoshon.com* Mobile App that will be available for free!
